## GLOBE RUN FOR HOME 2012 Frequently Asked Questions

### When is the Run? Where will the Run start off?

The Globe Run for Home 2012 will be held on March 25, 2012 (Sunday) at the Cebu International Convention Center with routes passing through Cebu South Coastal Road, Plaza Independencia, Sergio Osmena Boulevard and Quirino Avenue.

### What are the race categories?

The run is open to all runners, with divisions of 3, 5, 10, 15 and 21 kilometer distances.

### What is the registration procedure?

- Participant should go to 1<sup>st</sup> level, Active Zone, Ayala Center, Cebu from February 01 to March 16 and fill up the registration form and pay in cash for individual or group\*

**\* Group registrants (buy 4 and get 1 free) should run in the same category**

- Participants may also register online via [www.globe.com.ph/run](http://www.globe.com.ph/run) from February 1 to March 16, 2012
  - May be done for individual or group entries. Participant/s go to the website, register and pay via credit card \*
  - If they don't have a credit card, they may fill out the form, save and print, go to Ayala Center, Cebu and pay. Good for individual and group.

*\*Runner's kit will be delivered to the specified address of online registrants on or before March 20, 2012. Online registration is recommended for participants who are based outside Manila. Delivery fee will be charged on top of the registration fee.*

- Participant fills up registration form & liability waiver and race agreement.

### What are the race categories and subsequent fees?

The following are the race categories and registration fees:

- 21K – Php 700
- 15K – Php 600
- 10K – Php 500
- 5K – Php 400
- 3K – Php 300

Registration fees are non-refundable and non-transferable to another runner.

### How can I claim the Runner's Kit?

Runner's kit can be claimed upon registration on February 01 to March 16, 2012 from 12nn to 8pm at the 1<sup>st</sup> level, Active Zone, Ayala Center, Cebu. Runner's kit will be given once the participant has completed the registration process.

Participants with incomplete registration &/or unsigned liability waiver will not be given the runner's kit.

### What's included in the Runner's Kit?

Runner's kit will include the following items:

- Singlet (sizes will be subject to availability)
- D-tag (RFID Timing Chip)
- Race Bib Number
- Finishers medal for 21km

**SAMPLE RACE KIT**

### What is the call time for the runners?

Distance Assembly Time and Gun Start are as follows:

Race Category	Assembly Time	Gun Start
21Km	4:30am	5:00am
15Km	5:00am	5:30am
10Km	5:15am	5:45am
5Km	5:30am	6:00am
3Km	5:45am	6:15 am

Participants who are late at the gun start forfeit his/her chance of winning but can still participate in the race.

### What are the prizes for the winners?

The following cash prizes will be awarded to first, second and third place finishers of each division, to be awarded after the race finishes:

Distance / Prizes	1st Place		2nd Place		3rd Place	
	Male	Female	Male	Female	Male	Female
<b>3Km</b>	3,000.00	3,000.00	2,000.00	2,000.00	1,000.00	1,000.00
<b>5Km</b>	5,000.00	5,000.00	3,000.00	3,000.00	2,000.00	2,000.00
<b>10Km</b>	7,000.00	7,000.00	5,000.00	5,000.00	3,000.00	3,000.00
<b>15Km</b>	10,000.00	10,000.00	7,000.00	7,000.00	5,000.00	5,000.00
<b>21Km</b>	15,000.00	15,000.00	10,000.00	10,000.00	7,000.00	7,000.00

*Note: Employees of Globe Telecom including their relatives up to the second degree of consanguinity or affinity are disqualified from winning the cash prize. (still invite Globe people but they cant will prices)*

*20% tax for prizes exceeding P10,000 will be shouldered by Globe Telecom.*

# Race Timers

How our system works:

Unlike traditional systems, we don't use MATS (rubber strip laid down on the road). The chip is read by an antenna or a reader which can be placed overhead or to the sides. And since there are no MATS, our system is also perfect for cycling, triathlons, trail runs, or even car races.

Our system utilizes the most advanced technology in RFID using UHF Gen 2 Technology, this ensures accurate read of the chip even in dense environment up to 128 chip reads per second, it can operate several antennas simultaneously reading multiple chips and at the same time, avoiding duplication. And because of these qualities, the system will allow us to be redundant, putting more antennas/readers to ensure a successful reading of the chip.

Our system can use either a disposable or a re-usable timing chip. The chips are made by Alien Technology, a global company offering RFID solutions.

Key Features:

1. **No Mats**

This makes our system very flexible. Aside from running, we can time bike races, triathlons, trail runs and more.

2. **No cramped space for Starting/Finish line**

Opening can be as wide as 25ft.

3. **Stick-on Chips to Race Bibs**

No more complicated instructions needed to install the chip.

No lost chips.

Minimizes the chance of interchanging of chips.

4. **Faster Processing**

Collects data from all timing split points and publish results a few hours after end of race.

5. **Runner's Name Announcer**

Our system gives out Real Time Report every time a runner cross the finish line which we can either broadcast as Live Results on a big screen or send the data to a designated website.

**RFID Timing Chip**

## IMPORTANT RACE INFORMATION WEAR YOUR RACEBIB PROPERLY

The timing chip used for this race is attached to your bib. You must wear the bib over your singlet and in front of your body, preferably chest high.

At the end of the race, you may keep the bib.

Notice that the bib is worn properly on the chest of the runner and is visible.
